SARA Participation Statement

Elizabeth City State University participates in the National Council for State Authorization Reciprocity Agreements (NC-SARA), which establishes comparable national standards for interstate offering of postsecondary distance education courses and programs. Through its participation in NC-SARA, ECSU is authorized to offer distance education courses and programs to students located in other SARA member states, subject to state-specific requirements and limitations.

Professional Licensure Disclosure

The Emergency Management program at Elizabeth City State University is not designed to meet educational requirements for a specific professional license or certification required for employment in this field. While the program prepares students for careers in emergency management and related areas, licensure or certification requirements, if applicable, vary by employer and jurisdiction.

State-by-State Determination

Because this program does not lead to a state-specific professional license, the program is considered to meet requirements in all states and territories.

State/Territory	Meets Requirements
All 50 States	✓
District of Columbia	✓
Puerto Rico	✓
Guam	✓
U.S. Virgin Islands	✓
Northern Mariana Islands	✓
American Samoa	✓

Direct Disclosure Requirement

Because this program does not lead to a state-specific professional license, federal direct disclosure requirements related to state licensure determinations do not apply.

Student Location

Determinations regarding whether a program meets educational requirements for professional licensure or certification are based on the student's location at the time of initial enrollment. Requirements may change, and students who relocate during their program should consult with their program advisor and appropriate agencies.

Student Responsibility

Students are responsible for understanding employment and certification requirements in their intended field and verifying any applicable requirements with employers or agencies.

Complaint Resolution

Students should first attempt to resolve complaints through Elizabeth City State University's internal complaint process. If the complaint is not resolved, students residing in NC-SARA states may file a complaint with the North Carolina State Authorization Reciprocity Agreement (NC-SARA) portal agency.

Additional Information

For more information regarding state authorization or professional licensure disclosures, please contact:
